UNITY PRIVATE ITI - ERP OPERATIONAL MANUAL

Standard Operating Procedures & Click-by-Click System Setup Guide

PRODUCTION V2.4

Role Focus: Super Admin & Admin

System Scope: Active Workflows Only

MANDATORY OPERATIONAL ORDER (FOLLOW SEQUENTIALLY)

1. Academic Sessions → 2. Staff Creation → 3. Course Setup (Trades) → 4. Fee Structures → 5. Admission Form → 6. Leads CRM → 7. Convert to Student → 8. Students Directory → 9. Document KYC → 10. Fee Collection → 11. Daily Attendance

STEP 1 Create Academic Session & Configure Institute Profile

PORTAL REQUIRED: Super Admin Portal **NAVIGATION:** `Left Sidebar → System → Settings`

1. Under the **Academic Sessions** section, click the button `+ Add Session`.
2. In the form, fill in **Session Title** (e.g. `2024-2026` or `2025-2027`).
3. Select the **Start Date** and **End Date** using the date pickers.
4. Ensure the checkbox **Mark as active session** is checked.
5. Click the blue button `Add Session` to save.
6. *(Institute Branding)* Click the button `Edit School Profile`, verify the **School Name**, upload the institute logo under **Upload Logo**, and click `Save School Settings`.

STEP 2 Create Faculty & Staff User Accounts

PORTAL REQUIRED: Super Admin Portal **NAVIGATION:** `Left Sidebar → Directory → Staff`

A. To Create an Instructor (Teacher):

1. Click the button `+ Add Teacher` at the top right of the Staff Members section.
2. Enter **Full Name**, **Email Address**, and a secure **Password**.
3. Enter **Employee Code**, **Phone Number**, and **Qualification** (e.g. `Diploma / B.Tech / CITS`).
4. In **Designation**, enter specific role (e.g. `Trade Instructor - Electrician`).
5. Click the blue button `Create Teacher`.

B. To Create an Office Admin:

1. Click the button `+ Add Admin`.
2. Enter **Full Name**, **Email Address**, **Password**, and **Designation** (e.g. `Admission Officer`).
3. Click the blue button `Create Admin`.

STEP 3 Course Setup: Add ITI Trades

PORTAL REQUIRED: **Admin Portal** (or Super Admin via direct URL /itierp/modules/academics/manage.php) NAVIGATION: `Left Sidebar → System → Course Setup`

SYSTEM NOTE: THIS ERP OPERATES ON TRADE-LEVEL COURSES ONLY (NO SUBJECT SETUP REQUIRED)

1. Under the **Course List** card, click the button `+ Add Course`.
2. In **Course Name**, enter the trade name (e.g. `Electrician`, `Fitter`, `Welder`, or `COPA`).
3. In **Academic Session**, select the active academic session created in Step 1.
4. In **Course Teacher (optional)**, select the assigned Trade Instructor from the dropdown list.
5. Click the blue button `Add Course`.
6. Repeat this process for each trade branch active in your institute.
7. *(To reassign an instructor later)*: In the Course List table, locate the trade row and select the new teacher from the **Assigned Teacher** dropdown—it saves automatically.

STEP 4 Configure Fee Structures for Each Trade

PORTAL REQUIRED: **Admin Portal** **Super Admin Portal** NAVIGATION: `Left Sidebar → Modules → Fees Structure`

1. Click the button `+ Add Fee Structure` at the top right of the Fees Structure page.
2. In **Course**, select the trade from the dropdown (e.g. `Electrician (2024-2026)`).
3. In **Fee Type**, select one of the 3 supported types: `Admission Fee`, `Caution Money`, or `Tuition Fee`.
4. In **Fee Title**, type the name of the installment (e.g. `Annual Tuition Fee` or `Admission Registration`).
5. In **Amount**, enter the payable amount in Rupees (e.g. `22000.00`).
6. In **Billing Cycle**, choose: `Yearly`, `Half Yearly`, `Quarterly`, `Monthly`, or `One Time`.
7. In **Due Day (optional)**, enter the calendar day of month for payment deadline (e.g. `10`).
8. Click the button `Create Structure`. Repeat for all fee components across each trade.

STEP 5 Accept Admission Applications (Desk Entry or Public Link)

PORTAL REQUIRED: **Public Link (Applicant)** OR **Admin Portal (Desk Staff)** NAVIGATION: `Left Sidebar → Directory → Admission Form`

1. *(Sharing with candidates)*: Copy the link displayed in the green box at top: `http://<domain>/itierp/modules/admission/apply.php`.
2. Fill in **Student Information**: **Student Full Name**, **Date of Birth (YYYY-MM-DD)**, **Gender**, and upload passport photo under **Student Photo**.
3. Fill in **Contact Information**: **Email Address**, **Phone Number**, and **Residential Address**.
4. Fill in **Parent / Guardian Details**: **Guardian Name** and **Guardian Phone**.
5. Under **Academic Choice**, select the desired trade from the **Course / Trade to Apply** dropdown.
6. Click the green button `Submit Admission Application`. The record immediately enters the Leads pipeline.

STEP 6 Process Leads CRM: Verify Details, Desk Fees & Concessions

PORTAL REQUIRED: Admin Portal Super Admin Portal NAVIGATION: `Left Sidebar → Directory → Leads`

1. Locate the applicant row in the Leads table (or filter by **Status: new**).
2. Click the button `Review / Edit` on that applicant's row.
3. In **Lead Status**, change status to `approved` (required for enrollment).
4. In **Admission Fee Status**, select: `full_paid`, `half_paid`, or `unpaid`.
5. In **Admission Fee Amount**, enter initial cash/fee collected at the desk (e.g. `5000.00`).
6. Select the **Payment Mode** (`cash`, `upi`, `card`, or `bank_transfer`).
7. *(Optional Aid / Discount)*: Enter discount in **Admission Concession Amount** (₹) or **Tuition Aid %**, and state the reason in **Concession Note**.
8. Click the button `Save Lead Details`.

STEP 7 Convert Approved Lead to Enrolled Student

PORTAL REQUIRED: Admin Portal Super Admin Portal NAVIGATION: `Left Sidebar → Directory → Leads`

1. In the Leads table, find the candidate whose status is `approved`.
2. Click the bright green button `Convert to Student`.
3. The ERP executes all enrollment actions automatically:
   - Generates unique permanent **Admission No** (e.g. `ADM2026...`).
   - Enrolls student into the Trade class and creates Student & Parent user logins.
   - Generates fee records from Trade Fee Structure, credit-allocating desk payments and concessions.
   - Displays a popup box with the generated plain student & parent login credentials.

STEP 8 Manage Student Directory, Roll Numbers & Credentials

PORTAL REQUIRED: Admin Portal Super Admin Portal NAVIGATION: `Left Sidebar → Directory → Students`

1. **To Assign Roll Number / Edit Profile:** Click the button `Edit` on the student's row, enter the **Roll Number**, verify status (`enrolled` or `govt. approved`), and click `Save Changes`.
2. **To View Login Credentials:** Click the button `View Credentials` to display the username and password box for both student and parent.
3. **To Reset Lost Password:** Click the button `Regenerate Credentials` to generate new instant login passwords.
4. **To Export Directory:** Click the button `Download Excel` at the top right above the student table.

STEP 9 Verify & Approve Student KYC Documents

PORTAL REQUIRED: Admin Portal Super Admin Portal NAVIGATION: `Left Sidebar → Directory → Documents`

1. Review the list of student uploaded files (10th Marksheet, Aadhar Card, Photo, TC).
2. Click the file name link to inspect the document file in a new tab.
3. In that document's row, change the status dropdown to `verified` (or `rejected` if illegible).
4. Click the button `Update`.

STEP 10 Collect Fee Installments & Print Official Receipts

PORTAL REQUIRED: Admin Portal | Super Admin Portal NAVIGATION: `Left Sidebar → Modules → Student Fees`

1. Search for the student by typing their name in **Student name** and click `Filter`.
2. Inspect the fee breakdown columns: **Caution**, **Admission**, **Tuition**, and **Outstanding** balance.
3. Under the **Update** column in the student's row:
   - Enter payment installment in the **Amount** input field.
   - Select the payment mode from the dropdown (`Cash` , `Card` , `UPI` , or `Bank Transfer`).
   - Click the button `Pay`.
4. The system deducts the balance using priority allocation (Caution → Admission → Tuition).
5. Click the button `Print Receipt` on the payment record to generate the printable official institute receipt.
6. Click `Download Excel` at top right to export total fee financial reports.

STEP 11 Daily Attendance Management & Supervision

PORTAL REQUIRED: Teacher Portal (Instructor) for daily marking | Admin Portal for supervision NAVIGATION: `Left Sidebar → Coursework → Mark Attendance (Teacher)`

A. Daily Attendance Marking (Teacher / Instructor):

1. Log in with Teacher credentials. In Left Sidebar, click `Coursework → Mark Attendance`.
2. Select assigned **Course** (Trade) and **Attendance Date**.
3. For each student row, select status: `Present` , `Absent` , `Late` , or `Leave` .
4. Click the blue button `Save Attendance`.

B. Admin Supervision & Record Correction:

1. Log into Admin Portal. In Left Sidebar, click `Modules → Attendance`.
2. Select the Trade and Date to review instructor submissions.
3. Modify any status or remarks, and click the button `Update Attendance`.
